In 1826, Elbert Hines, alcade for the District of Sabine, wrote
to Samuel Norris, of Nacogdoches for advice concerning the case
of Allen Arthur and Oly A. Ferguson, Arthur having been accused of killing
Louis Blackman and Ferguson of knowing about it. Bennet Blackman
brought the charges. The accused fled to the Neutral Ground,
but wanted to return home and have a fair trial. When the case came up,
November 2, 1826, it was dismissed because Bennett Blackman did not
appear. (Nacogdoches Archives, Vol. 31.)

Notes for WOODROW WILSON REDD:
[RoperHugh.FTW]

My father never drank during my life, but a story my mother would tell about when they first got married. They were over at Clayton’s and Ollie was there. The three brothers were all drinking and having a good time. During the night they decided to take money and light their cigarettes with it. The next morning, Daddy realized he had took a twenty dollar bill to light his with, he decided if he could be that stupid while drinking, it was time to stop for good. My mother said my father idolized Dob, his brother. She also said if Dob had lived Daddy would have been just like him and she’d never have married him. Daddy never talked about any of his growing up. Except he did say his old home place was back behind Uncle Clayton’s house and they would go other there every once in awhile. It was too far to take the kids, so I never got to go.

Notes for JOHN ARTHUR PRICE:
[RoperHugh.FTW]

This is a story told by John Arthur Price for his grandchildren and great grandchildren in December 1996.

THE GOOD OLD DAYS—THE 1930 DEPRESSION

I guess the best way to describe the depression would be to use my own family. We didn't really get hungry because we grew most of the food we ate. If our neighbors got hungry we would divide with them. We had our own cows, so we had milk and butter. We grew ed chickens to eat and to sell and for eggs. We would shell corn that we grew and take it to Uncle Hardys Mill to make meal for corn bread. We had a big garden. Mother canned a lot of things. Mostly what we had to buy was flour, sugar and coffee. About this time the ration law came. Sugar, coffee, shortening, tires and gas was rationed. We were allotted stamps for each item. We got two many for coffee. Not enough for sugar. Our neighbors got too many sugar stamps, not enough coffee. Me being this old maybe they won't arrest me. One man said when he got his sugar stamps, he put one in this coffee, didn't make it one bit sweeter. We went to school at a one room school house. One teacher taught primer through eight grades, usually around 60 kids. No playground equipment. I was married my older brother (Wash) slept in the attic. When it came a blowing snow we would wake up with snow on our bed. We did a lot of our cultivation with one mule and a double shovel. Called a double shovel because it had 2 plows. With that contraption we could plow 1/2 row at a time. Now, our farmers are plowing 12 rows at one time. 24 times as much as we plowed. I bought a new cultivator that would plow 1 whole row with 2 mules. About that time we could buy a coke for 5 cents, a hamburger for 10 cents. A pair of overalls for 79 cents, a pair of shoes for 98 cents, a new Model A Ford for 250.00$. fut who had that much money? I chopped cotton for 7 1/2 cents per hr. Finall y I got a raise to 10 cents an hour. In 1937 We bought 120 acres of land in woods for 183.00$. Borrowed part of the money. Some People would say I would like to have 40 acres in the hills, but would be afraid they would give me 80 acres. That was how cheap land was. Taxes were about 35 cents an acres. A man that lived close to me tried to give a sow and 8 pigs away. He didn't need them, he had plenty of meat. He didn't want to feed them, he couldn't sell them on the market. In 1932 President Rosevelt create d a job called three C.C.C. Civilization Conservation Cooperation for needy families. There were several camps in Arkansas. I joined
and went to Blue Mountain Arkansas. We worked on roads and in woods. In woods we cut trees that wasn’t any good to give the good trees more room. My pay was $30.00 a month. They sent my family $25.00, which left me $5.00 month. The tree C’s furnished a place to live, our clothes and our Dr. bills and food. Each camp was made up of about 200 men and boys I was 18 years old. Alma Hazlewood and I got married Dec. 4, 1935. I was already living with my mother and father. My father was terminally ill. When we got married I had $15.00. After I bought a wedding ring for $6.00. Next day Alma put out a big was hing, with tub and rub board, pumped the water with a picker pump. I pulled cotton. Picking cotton you pulled the cotton out of the boles. Pulling cotton you pulled the matured bolls and cotton. I pulled 600 lbs. for $.25 hundred lbs. Went home stuck my thumbs under my overalls and said honey I made $1.50 today. Some people would say I would like to have 40 acres in the hills, but would be afraid they would give me 80 acres. That was cheap land, taxes was about $.35 on 40 acres. When Clifford our first baby was born, The doctor came to our house. After the baby was born, I asked the doctor how much do I owe you. Arthur I usu aly charge $15.00 since this is your first baby give me $12.50.[ftw.hazlewood.FTW]
